Old Business:

- Brock Athman, James Connolly will present an update to the Board pertaining to the Waste Water System PER.

Manager's Report: Ken

- CS Structures, Inc. has reached substantial competition on the office expansion. We have received a letter of occupancy from the State inspector. Punch list items still remain to be completed.
- One of our Basin air blowers has failed. Repair kit has been ordered and should be back in service soon. We have four blowers and one is a spare so plant functions have not been impaired.
- Woodland Park Lift Station generator has had a catastrophic failure. Engine will need to be replaced due to a couple of cylinders have no compression.
- King Arthur Park replaced a leaking service line at KAP 139/141 on December 19th 2024.
